

understanding of the concerns of so many Americans. Accordingly, this proposal would reduce the salary of the President, the Vice President, and the Speaker of the House of Representatives by a full 10 percent. For other leaders in our Government—Members of Congress, senior officials paid more than \$75,000 in all three branches of the Government, and high-ranking military officers—the pay reductions would be 5 percent. An otherwise scheduled pay increase in January 1993 for these officials would not take place.

Under our Constitution, the President's salary can only be changed at the beginning of a new term of office. Pay reductions for all others affected will take place with the first pay period beginning on or after January 20, 1993. It is therefore essential that this legislation be enacted immediately, before the adjournment of the current Congress.

GEORGE BUSH.

The White House, *September 25, 1992.*

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Post Office and Civil Service, the Committee on House Administration, and the Committee on Armed Services and ordered to be printed (H. Doc. 102-397).
